

Virtual Public Workshop for the
Draft 2021 Federal Transportation Improvement Program,
Draft 2018 Regional Transportation Plan Amendment No.1, and
Draft Conformity Analysis

January 13, 2021

What is the FTIP?

- Federal Transportation Improvement Program
- The FTIP is a federally mandated document that spells out short-term transportation system projects and goals, four years into the future.

The FTIP and the RTP and corresponding Conformity Analysis

- Must be consistent with the 26-year Regional Transportation Plan (RTP), and must be designed to make progress on RTP performance targets
- Intends to be the realization of goals established in the RTP
- Incorporates findings from air quality conformity studies to ensure the projects do not negatively impact air quality
- Includes all surface transportation projects that are regionally significant or federally funded. Includes roadway, transit, bicycle and pedestrian projects

FTIP Project Development

- Several transportation decisions are made at the local level such as CMAQ, RSTP and Regional ATP
- The local government decides which project is their highest priority to present for assistance through Call for Projects
- Kern COG administers and reviews the project applications and develops a Program of Projects
- The Transportation Technical Advisory Committee (TTAC) reviews the Program of Projects and recommends approval to the Transportation Planning Policy Committee (TPPC)
- The TPPC adopts the Program of Projects

Project Selection

- Safety is the biggest factor for any transportation project
- If there are an unusual number of collisions or deaths on a given road, it's time to make it a safer place to travel
- Projects that ease congestion are also high on the priority list

Bike and pedestrian improvements at Wasco Elementary Schools

Improvements to 51 Bus Stops in Metro Bakersfield and Disadvantaged Neighborhoods

FTIP Funding

- Developed every 2 years, the 2021 FTIP invalidates the 2019 FTIP
- A commitment to the federal and state governments of how the Kern region intends to spend its share of transportation dollars
- Must be financially constrained
- Lead agencies require the FTIP for submittal of the Request for Authorization to Caltrans Local Assistance and/or Grant Application to the Federal Transit Administration (FTA)
