Making Conservation  
a California Way of Life.

October 10, 2024

Dear Transportation Stakeholder:

The Draft 2025 Federal Statewide Transportation Improvement Program (FSTIP) is available for public review at the following website:

<https://dot.ca.gov/programs/financial-programming/office-of-federal-programming-data-management-ofpdm>

The California Department of Transportation (Caltrans) prepares the FSTIP every two years in cooperation with the Metropolitan Planning Organizations (MPOs) and the Regional Transportation Planning Agencies (RTPAs) in California. The FSTIP is a federally mandated document that includes phases of capital and non-capital transportation projects prioritized to receive federal funding under Titles 23 and 49 of the United States Code during federal fiscal years 2025 through 2028. It also includes regionally significant projects regardless of the funding source.

Each of the state's eighteen MPOs prepares a Federal Transportation Improvement Program (FTIP), which includes state, local, and transit projects within its boundary. These FTIPs are included in the FSTIP by reference. The attached table provides website links to MPOs' FTIPs. Projects that are not located within an MPO boundary are directly listed in the FSTIP.

The 21-day public comment period for the Draft 2025 FSTIP begins on October 10, 2024 and concludes on October 31, 2024. During this time, we are providing the Draft 2025 FSTIP to our stakeholders for review. Please submit your comments to Vaik Renga by email at <[Vaikunthan.Renganathan@dot.ca.gov](mailto:Vaikunthan.Renganathan@dot.ca.gov)>.

Sincerely,

A handwritten signature in black ink, appearing to read "Kiên Lê".

KIÊN LÊ, Chief

Office of Federal Programming and Data Management
