AMENDMENT TO EV READY COMMUNITIES' MEMORANDA OF UNDERSTANDING
BETWEEN KERN COG AND CITY OF MCFARLAND AS FUNDED BY THE
CALIFORNIA ENERGY COMMISSION AGREEMENT ARV-20-010-01

DESCRIPTION:

Amendments to the EV Ready Communities Memoranda of Understanding (MOU) between Kern Council of Governments and various site hosts to extend the termination date. County Counsel has approved the agreement as to form.

DISCUSSION:

During the California Energy Commission (CEC) Business Meeting held on January 26, 2022, the commissioners approved augmenting the initial agreement with Kern COG by (a) increasing the award to the requested \$2.5 million (an increase of \$1,792,485), (b) increasing the matching fund requirement to \$833,377, (c) extending the term of the agreement to September 30, 2024, (d) revising the Scope of Work, and (5) revising the Schedule of Products.

The 2019 Kern EVCS Blueprint identified high impact charging station locations within the jurisdictions of Kern COG's member agencies, demonstrating opportunities to benefit disadvantaged communities. Kern Community College District (KCCD) and its Bakersfield College (BC) requested and will receive funding through this opportunity: the cities of Arvin, California City, Delano, McFarland, and Wasco.

Kern COG, along with the City of McFarland, agreed to retroactively extend the term of the MOU. The amendment to the MOU does not alter the scope of work. However, the Schedule of Projects has been updated to fulfill administrative reporting requirements, complete installations, and deliver the projects. The amendment attached outlines the current termination date for City of Wasco and the new extension date for the amendment.

Staff requests approval of the amendment.
